**[Reasons for Non-compliance with the Principles of the Corporate Governance Code]**

NST currently complies with all principles of the Corporate Governance Code.

**[Disclosure Based on the Principles of the Corporate Governance Code]**

(Principle 1-4 Cross-Shareholdings)

It is NST’s policy to acquire and hold shares of other companies as cross-shareholdings in order to increase corporate value sustainably for the purpose of the creation of business opportunities and the establishment, maintenance and strengthening of transactional relationships and to reduce the holdings of such shares if they no longer serve that purpose.

Every year, the Board of Directors specifically and carefully examines, among others, whether these cross-shareholdings (all shares except shares of NST Group companies) serve the holding purpose from the medium- to long-term perspective and whether the benefit and risk of holding them are appropriate for the cost of capital, on an individual company basis, to confirm that these shareholdings are appropriate and carry the holding significance.

Regarding voting rights concerning cross-shareholdings, on the assumption that said shares contribute to NST’s financial performance, voting rights are exercised after each agenda item is appropriately deliberated and judged by the responsible division based on, among others, the financial performance of each company and the votes are approved internally in accordance with the prescribed procedure, in order to contribute to sustainable growth and the increase of the mid- to long-term corporate value of the investee company.

(Principle 1-7 Related Party Transactions)

Regarding transactions (including indirect transactions) between NST and the Directors, NST verifies the contents of each transaction. If the transactions fall under conflict of interest transactions, in accordance with laws, regulations and the Regulations of the Board of Directors of NST, NST seeks approval from, and reports to, the Board of Directors, and confirms that all such transactions will not harm NST.

In addition, regarding transactions between NST, on the one hand, and *Kansayaku* and other related parties, on the other hand, NST verifies the contents of each transaction; subject to applicable laws and regulations, NST discloses the transactions appropriately, depending on their importance and nature.

(Principle 2-6 Exercise of Functions as an Asset Owner of a Corporate Pension Plan)

Decisions regarding asset management of the NST Corporate Pension Fund are made by the Board of Representatives based on deliberations by the Asset Management Committee for the purpose of stable asset building and appropriate management of conflict of interest transactions for beneficiaries. The members of the Asset Management Committee and the Board of Representatives include qualified employees, such as the General Managers of the Finance Department and the Human Resources Department of NST, as well as senior officers of the labor union and other employees as beneficiary representatives. Qualified employees have also been selected and assigned to the secretariat of the Corporate Pension Fund. NST regularly monitors the management status of the plan assets and will continue to make appropriate efforts to improve the environment for the management of money contributed to the Fund. Of note, NST entrusts a pension management company with the corporate pension plan including the exercise of voting rights, so no conflict of interest arises between the beneficiaries of the plan and NST.

(iii) Board policies and procedures in determining the remuneration of Directors

1. Policies in determining the remuneration of Directors

NST has established the “Policies Regarding the Determination of the Amount of Remuneration for Directors, Etc.” Each Director’s remuneration consists only of monthly remuneration in cash, and is based entirely upon the performance of NST, in order to provide incentives for NST's group's sustainable growth and the improvement of its corporate value.

Specifically, NST sets the base amount of remuneration for each Director’s rank taking into consideration each Director’s required skills and responsibilities, and this base amount varies within a

specific range, depending on NST's consolidated profit or loss (consolidated ordinary profit or loss, and profit or loss attributable to owners of parent) and each division's consolidated profit or loss, in view of the connection with the annual management plan and the medium-term management plan, and the amount of each Director's remuneration is determined within the limits approved by the general meeting of shareholders.

Of note, remuneration is fixed for Outside Directors who are in a position that is independent from business execution, in view of their roles and independence.

## 2. Procedures for determining the remuneration of Directors

Each Director's remuneration is resolved at the meeting of Board of Directors based on the above "Policies Regarding the Determination of the Amount of Remuneration for Directors, Etc." following the exchange of opinions in the "Personnel and Remuneration Committee."

### (iv) Board policies and procedures in the appointment/removal of senior management and the nomination of Director and *Kansayaku* candidates

#### 1. Policies in the appointment/removal of senior management and the nomination of Director and *Kansayaku* candidates

For the appointment of senior management and the nomination of Director and *Kansayaku* candidates, NST's policy is to consider not only each individual's experience, insight and expertise, but also the size of each of the Board of Directors and the *Kansayaku* board as a whole, and the balance of candidates comprising these respective boards so that NST will establish an optimum board composition in which each individual is able to appropriately fulfill his or her role and responsibilities and properly respond to the management challenges of NST Group's business.

It is NST's policy to remove an individual from the office of senior management if, for example, he/she no longer has the required qualifications outlined above.

#### 2. Procedures for the appointment/removal of senior management and the nomination of Director and *Kansayaku* candidates

The appointment/removal of senior management and the nomination of Director and *Kansayaku* candidates are resolved at the meeting of the Board of Directors following the exchange of opinions in the "Personnel and Remuneration Committee," a majority of which are Independent Outside Directors. Regarding *Kansayaku* candidates, prior approval by the *Kansayaku* Board shall be obtained.

### (v) Explanations with respect to the individual appointments/removals and nominations based on iv)

NST explains each individual in the appointment/removal of senior management and in the nomination of Director and *Kansayaku* candidates, by, for example, indicating each individual's brief personal history and reasons for nomination in the reference documents attached to the convocation notice for the general meeting of shareholders and indicating NST's officer system, including the allocation of each

Executive Officer's responsibilities, the designation of managerial positions, and other related matters, in press releases related to officers' personnel matters.

(Supplementary Principles 4-1-1 Roles and Responsibilities of the Board (1))

The Board of Directors decides important business execution matters stipulated in laws, regulations, the Articles of Incorporation, and internal regulations such as the "Regulations of the Board of Directors" and other important managerial matters such as the disposal and acceptance of the transfer of important assets (including investments and loans), the borrowing of a significant amount (including financial plans or guarantees of obligations), the appointment of an important employee, and the establishment or changes of important structures.

The Board of Directors delegates NST's general policy of business execution or the execution of important matters on business operations to the President and the Executive Officers.

Executive Directors, etc., report on the status of the execution of duties to the Board of Directors in accordance with the Regulations of the Board of Directors, and the Board of Directors supervises the status of execution through said report.

(Principle 4-9 Independence Standards and Qualification for Independent Outside Directors)

NST decides the independence of Outside Directors in accordance with the independence standards set by the Tokyo Stock Exchange, considering each individual's personal relationship, capital relationship, transactional relationship and other interests with NST.

(Supplementary Principles 4-11-1 Composition of the Board)

1. To enable prompt decision-making and to establish an effective corporate governance system responding to changes in the management environment, the size of the Board of Directors shall be set appropriately for the NST Group's business lineup and management challenges, and when selecting its members, the composition of the Board of Directors as a whole in terms of experience, insight and expertise of the members, as well as diversity including gender, shall be considered. The Articles of Incorporation provide that the number of Directors will be fifteen (15) or less, and the number of *Kansayaku* will be three (3) or more. Currently, ten (10) Directors and four (4) *Kansayaku* have been elected.
2. NST operates the four core areas of Steel, Industrial Supply & Infrastructure, Textiles and Foodstuffs as an integrated business, and its Board of Directors consists of seven (7) Executive Directors who have thorough knowledge about the business and management of NST, three (3) Outside Directors who have a wealth of experience and deep insight in the area of corporate management including one (1) female Director.

Three (3) persons among ten (10) Directors are Outside Directors, and two (2) persons among four (4) *Kansayaku* are Outside *Kansayaku*. Therefore, five (5) persons among fourteen (14) Directors and

*Kansayaku* are outside officers. Lawyer, executive, certified public accountant, etc., are elected as Outside Directors and Outside *Kansayaku*.

Thus the diversity of the perspectives in the discussion at the meetings of Board of Directors is ensured.

3. Regarding the procedure for electing Directors, please refer to Principle 3-1 (iv).

(Supplementary Principle 4-11-2 Positions Concurrently Held by Directors and *Kansayaku*)

Whether Directors and *Kansayaku* serve concurrently as officers at other listed companies is disclosed every year in the reference documents attached to the convocation notice for the general meeting of shareholders, the business report, the securities report, etc.

(Supplementary Principle 4-11-3 Analysis and Evaluation of the Effectiveness of Board of Directors)

NST analyzes and evaluates the effectiveness of Board of Directors as a whole once a year based on the results of quantitative analysis in comparison with prior years regarding the number of proposals submitted and reported to the Board of Directors and discussion time, etc., which are conducted by the Office of the Board of Director (General Affairs & Corporate Communication Department), and the results of self-evaluation and opinions regarding the operation, etc. of the Board of Directors, which are obtained through a questionnaire and an interview of each Director and *Kansayaku*. NST makes use of the results of the analysis and evaluation to improve the future operation, etc. of the Board of Directors. NST evaluated the effectiveness of Board of Directors in FY2019 (the meeting of the Board of Directors held in June 2020) and, as a result, the Board of Directors was judged to be effective from the comprehensive viewpoint. This was mainly because respective proposals submitted and reported to the Board of Directors were resolved through questions and deliberations from diverse perspectives by inside and outside officers in accordance with the Companies Act and internal rules. Going forward, NST strives to further enhance reports and deliberations on management issues, risk management and corporate governance, etc. over the medium and long-term based on the opinions from Directors and *Kansayaku* in the evaluation of the effectiveness in FY2019 from the viewpoint to further improve the effectiveness.

(Supplementary Principle 4-14-2 Director and *Kansayaku* Training)

NST also explains to Directors and *Kansayaku*, both of whom were employees of NST, their responsibilities and the policies and procedures related to the business. For Directors and *Kansayaku*, NST bears the expenses for their participation in seminars, etc. held outside NST, in addition to conducting necessary training as appropriate,

(Principle 5-1 Policy for Dialogue with Shareholders)
