## Press Release

Nov 12, 2025

To Whom It May Concern

NIPPON STEEL TRADING CORPORATION

**Nippon Steel Trading and Igeta Sunrise Pipe Begin Stock Sales  
of Nippon Steel's "NSCarbolex Neutral" Steel Pipe**

Nippon Steel Trading Corporation (hereinafter referred to as "our company") and Igeta Sunrise Pipe Corporation (hereinafter referred to as "ISP"), a group company handling "pipes," "valves," and "fittings," will begin stock sales of GX steel "NSCarbolex™ Neutral" steel pipe provided by Nippon Steel Corporation (hereinafter referred to as "Nippon Steel") from January 2026.

This initiative was made possible through the alignment of Nippon Steel Trading's commitment to deepening ESG-oriented management and contributing to a decarbonized society and environmental preservation, with ISP's corporate philosophy of "enhancing customer value through stable supply."

With a view toward future growth in the green steel market, Nippon Steel Trading and ISP will maintain inventory of "NSCarbolex™ Neutral" steel pipe in order to facilitate small-lot, quick-delivery needs in the steel pipe sector, and will promote adoption among customers in construction, plant, civil engineering, and facility industries.

Moving forward, Nippon Steel Trading and ISP will continue to contribute to the realization of a carbon-neutral society as part of the Nippon Steel Group.
